BUSINESS EXPERIENCE

- 2022 J.P. MORGAN CHASE & CO, Bangalore, India**
Intern — Focused Analytics Solutions Team (5 months)
- Automated entire process of producing a report using Alteryx for the Customer Analytics team to eliminate manual execution of SQL queries; saved ~8 hours/week
 - Researched on how the IXI data is consumed by firm by going through several internal process decks and underlying SAS queries and created a process flow diagram
 - Completed ~9 ad-hoc requests raised by external team members including in-depth research of data sources, querying SQL codes and performing quality checks
 - Undertook trainings in several data analytical tools and worked on two case studies using excel and tableau to derive key insights and create visualisations to perform analysis
 - Collaborated with a member from the Risk and Control team to understand the risk management lifecycle as part of assignment; presented findings to the FAST team
- 2021 DRIVEKRAFT, Punjab, India**
Indian Mental Healthcare Startup
Sub Mentor (2 months)
- Led a team of 18 Campus Ambassadors for digital marketing; mentored throughout the programme via resolving issues, keeping track of day-to-day performance and providing essential feedback
 - Analysed data for ~500 patients seeking therapy and built visualisations to spot areas of improvement and keep track of overall performance
- Campus Ambassador (2 months)**
- Learnt in-depth on social media marketing and increased engagement on platforms such as Instagram and Facebook by ~12%
 - Wrote two blogs and poems focusing on mental health as part of marketing campaign; improved work on the feedback received by mentor
- 2019 PETROFAC, Sharjah, United Arab Emirates**
Energy Services Company
Intern — Telecom Department (1 month)
- Performed quality checks for ~6 documents and processes; completed three assignments on minimalistic placement of CCTV cameras and alarms within the plan of a floor
 - Analysed key electric cables used in transmission of power in a plant and the economic factors associated; attended a pitch made by a company from Oman promoting fibre optic cables
